*"I invite us to have a conversation together about what it means to follow the risen, nonviolent Jesus who calls us to be peacemakers, put down the sword, and love everyone, even the enemies of our nation."*

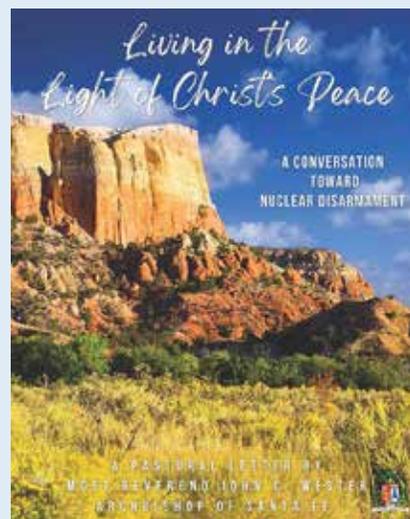

Archbishop John Wester

On January 11, 2022, Archbishop John C. Wester, Archbishop of Santa Fe, NM issued a pastoral letter *Living in the Light of Christ's Peace: A Conversation Toward Nuclear Disarmament*. His pastoral letter is a powerful and prophetic call, following the lead of Pope Francis, for the abolishment of nuclear weapons. Wester states, "We need to figure out concrete steps toward abolishing nuclear weapons and permanently ending the nuclear threat. If we care about humanity, if we care about our planet, if we care about the God of peace and human conscience, then we must start a public conversation on these urgent questions and find a new path toward nuclear disarmament." His call is all the more impressive since his Archdiocese is the location of two nuclear research facilities in Los Alamos and Sandias.

The text of the pastoral letter and the press conference presenting the pastoral letter can be found here <https://archdiosf.org/living-in-the-light-of-christs-peace> Here are some of the suggestions for action from the pastoral letter; steps each of us can take:

- Share the letter and start a conversation about how we can work for the abolition of nuclear weapons. Hold a session (perhaps virtual) in your parish to discuss the letter.
- Pray daily for the abolition of nuclear weapons.
- Express your support for the Treaty on the Prohibition of Nuclear Weapons <https://www.un.org/disarmament/wmd/nuclear/tpnw/>
- Ask your pastor to include prayers for the abolition of nuclear weapons and for world peace at Mass in the Prayers of the Faithful
- If you have investments, please use your money consciously. See <https://www.dontbankonthebomb.com/> on how NOT to invest in nuclear weapons.
